November	Steel - Man's Servant	W. T. Ellis, metalurgist	American Steel & Wire, Waukegan, IL
1951-May	?	Roger Bascom	B. F. Goodrich Company
January	Ester Plasticizers for Low Temperature Rubber Compounding	W. A. Woodcock	Union Carbide & Carbon
November	Rubber Covered Telephone Wire	George Vacca	Bell Telephone Labs, Murray Hill, NJ
1952-Jan.	Army Needs of Rubber Like Materials	Dr. Warren Stubblebine	U.S. Army Research Div. Office of Quartermasters General
November	Butyl, It's History, Manufacture & Application	Dr. W. J. Sparks A. N. Iknayan	Standard Oil Company Standard Oil Company U. S. Rubber, Detroit

1953-May	Accelerator Compounding - Compounding	Heat History	Dr. B. S. Garvey, Jr.		Sharples Chemical, Inc.
November	Mixing & Extruding Methods & Equipment		Mr. G. L. Briggemier	Mr. R. H. Wattleworth	Firestone Tire & Rubber B. F. Goodrich Company
1954-April	The Isocyanate Rubbers		Dr. N. V. Serger		Goodyear Tire & Rubber Rubber Manufacturers Association
January	The Future of Rubber Supplies - Natural & Synthetic		Mr. W. J. Sears, V.P. & Chair RMA Crude Rubber		
1955-Jan	Applications for Products made of Hypalon		S. W. McCune		E. I. duPont deNemours
	Processing Characteristics of Hypalon		G. H. Mc Callum		E. I. duPont deNemours
April	Modern Quality Control		Simmon Collier		
October	Current Applications for Silicon Rubber		R. S. Naegle		Dow-Corning Corp.
1956-April	Compounding Enjay Butyl for Mechanical Application		Dr. Walter L. Dunkel		Enjay Laboratories
October	Application of the Microscope in the Rubber Industry		Dr. Raymond P. Allen		Consultant in Industrial Microscopy
1957-Jan	Gamma Radiation in the Rubber Industry		Dr. S. D. Gehman		Goodyear Tire & Rubber
April	Recent Developments in SBR Synthetic Rubber		Mr. J. F. Svetick		Phillips Chemical
October	Adiprene C in Mechanical Goods Application		Mr. James Munn		E. I. duPont deNemours Pennsalt Chemicals
1958-Jan	The use of Textiles in the Rubber Industry		Moderator: Dr. B.S. Garvey Panel: D. H. Heckert F. J. Kovac H. R. Schwartz		E. I. duPont deNemours Naugatuck Chemical Goodyear Tire & Rubber B. F. Goodrich Company Wellington Sears Company
April	Designed Experiments		Mr. John Sigmann		R. T. Vanderbilt
October	Elastomer Processing		Mr. Jack S. Rugg		E. I. duPont deNemours
1959-Jan	Progress Report on New Silicone Rubbers		Mr. William Pfeiffer		General Electric Company

					American Foam Products
May	Sponge Panel Discussion Chemically Blown Plastic Foams	Foamed Sponge New Products	Moderator: Derek Angiers George Sprauge Mary Glickman	Panel: Aaron Back Jack Barsellino	B. F. Goodrich Company A. L. Back & Associates U. S. Steel Company Thiokol Chemical Company Rubber Manufacturers H. K. Porter Company
October	Export-Import Problems of Rubber Products		Cornelius P. McFadden		
1960-Jan	Future of Natural & Synthetic Rubbers World Rubber Boom Polybutadiene	Cis-4 Cis Polyisoprene	Moderat: Merrill Galloway H. C. Bugbee, Pres. H. R. Nebecker	Panel: Henry Railshack	Natural Rubber Bureau Phillips Petroleum Shell Chemical Corp. U. S. Rubber Company Hughson Chemical Company Division Lord Manufacturing B. F. Goodrich Company Lee Rubber & Tire
April	Important Scientific Advance in Polymer Research		Dr. Leland White		
October	Rubber to Metal Bonding During 1955 - 1960 Tire Fabric Adhesion Reclaimed Rubber		William M. Decrease Dr. N. W. Wilson		
1961-Jan			Moderate: Charles Glasser Dr. J. E. Brothers K. R. Garvick	Panel: D. L. McCollum	Ohio Rubber Company Naugatuck Chemical Company Mansfield Tire & Rubber
